

That Woz the Day That Woz!

Grenville Centre Success

When setting up chairs and tables for our first event our new venue at the **Grenville Centre**, our committee had a number of concerns. Do we have enough seating for our first show? Will we have many visitors? There was so much uncertainty... However, with enough comfortable seating space for 170 patrons the event turned out to be a great success. **The Blackhats** and **Taylor Pfeiffer** attracted a great crowd and put on a great performance. Well done guys! **Taylor** must be the best female banjo player in SA, unless you know different! By all reports...the food was good, the dance floor was good, the music was good and the atmosphere was electric! Well done everyone for your support and input. It's great to see people pulling together and achieving success. And remember...From little things, big things grow!

LeAnn Returns with New Album & Reality Show

The new album signifies musical freedom for LeAnn.

When **LeAnn Rimes** returns to the spotlight, she does it in a big way. Not only is her new reality TV show **LeAnn & Eddie**, airing weekly on VH1, but she has returned to the music charts with the release of her new remix album.

Dance Like You Don't Give a . . . Greatest Hits Remixes stemmed from the singer's constant request from her fans wanting revamped versions of some of the biggest hits of her career. "A lot of my fans have the remix singles of each song, but they have always asked to have them all on one record,"

LeAnn explained, "I'm glad we actually got to do that. Some of the songs were from the older days, and they actually remixed them again for this. We have amazing DJs on the record... It's cool."

Dot's Spot!

Two guys Mike and Rob from **Nowhere Else in Tasmania**, were on the roof, laying tile, when a sudden gust of wind came and knocked down their ladder.

"I have an idea," said Mike. "We'll throw you down, and then you can pick up the ladder."

"What, do you think I'm stupid? I have an idea. I'll shine my flashlight, and you can climb down on the beam of light."

"What, do you think I'm stupid? You'll just turn off the flashlight when I'm halfway there."
