

## That Woz the Day That Woz! Felicity Joins Mushroom

Wow! Have you ever seen a washboard player with so much energy? 'Dynamic' is an understatement!

Travellers from afar called in at **Gawler Country Music Club** to enjoy a different style of music.

Energy mixed with great fun was what kept the bubbles popping from beginning to end.

**CowboyZ** supporters **Carol and Rose** couldn't be missed wearing their attractive **CowboyZ T Shirts**.

The band ended their fun filled show with ... 'See you later Alligator'.

## Walk Up Artists

Hi! I'm Raels and this is Roger. We hope you enjoyed the show!

Singer-songwriter **Felicity Urquhart** has signed her first ever publishing deal with one of Australia's most respected publishing companies **Mushroom Music Publishing**.

**Felicity** took home the **2007 Golden Guitar for Video Clip of the Year** with her single **Big Black Cloud** (co-written with Grammy award winning producer **Randy Scruggs**).

It seems that the time is just right for **Felicity** to join the **Mushroom** family after building her songwriting credentials with recent awards including **Country Songwriter of the Year 2006** awarded by the **Australian Songwriters' Association**.

"I believe this to be the best decision I have made in a long time," **Felicity**

said, "and feel this is the start of a great partnership. To be involved with an icon of **Australian** music like **Mushroom** is really exciting."

Felicity's current album, 'My Life', distributed by **Shock Records**, has consolidated her name as one of the finest artists in the industry.
