Editors Note

Hi Folks

We're well into 2009 now and the **Happy New Year!** greetings are over..

Thanks folks for your support in providing content for this February's Newsletter, it makes things much easier and a much more enjoyable experience with your valued assistance.

Newsletter Editors are a peculiar breed of individuals. Not always the most popular of people because they are continually attempting to develop a product to satisfy everyone. And as you are aware... that is impossibility.

This is why **you** now have the opportunity to make **your Newsletter Editor** a very happy chappy!

Helen our **Club Secretary** has entered information on this topic on page 6.

'Here's hoping the years ahead are filled with many happy days!'

President's Report

January 2008

G'Day Members and Friends,

Happy New Year to you All. What a fantastic start to 2009. With a 200 plus crowd and the talents of US BLOKES we were in for a great day. Raelz our guest artist also contributed with some great songs. Well done guys we all enjoyed the day.

I would like to take this opportunity to clear up some rumors and innuendos on the stability of our club. Our club is very financial and our Membership is still growing every month.

There are some rumors that our club is run by a family... Well this is true to a degree, but some people have very short memories. Go back six or seven years when we struggle to form a committee this family and some other club members managed to form a committee and keep the club going.

Our committee has taken membership from 110 members to its current numbers of 276 members. They have worked very hard as a team to make sure that you the members get good value for your membership.

Also take into account that these people are voted in at our AGM by the financial members of the club.

Well onto our February show. Our band is **PHOENIX** with special guest **Des Morgan**, another great show in the making.

Come along and join us for a great day of entertainment. Don't forget we also have **Jeff Brown** with special guest **Brian Young** appearing on the **12th of February**. So until then

Keep It Country
