

That Woz The Day That Woz!

Bernie and The Bandits played to a large crowd of dancers at our **December** show. The **Line Dancing Fraternity** stretched their legs in unison and their **Applejacks and Weaves** were of the highest calibre. (What are they!.....Get some line dancing lessons)

The dance floor was full for the whole show. **Bernie** blew the crowd away with not only the excellent band repertoire, but also with his sax playing.

Unique Exquisite

Shirley's Unique Dance School students provided a great show to celebrate the Christmas show. Dressed for the occasion in their cowboy hats the dance team put on a great show. Thanks to everyone involved.

Roger the Dodger

Roger dodged the band and 'snuck up' on stage... 'Oh ... no one else is here; I'll just give it a go.'

Always good to see you up on stage Roger.

TV's Star Attraction

Nathaniel O'Brien had his many admirers, young and old, appreciating his **December** performance.

In **Adelaide in July 2006** **Nathaniel** stood in a line with another **200** artists ... hoping to be selected for an

appearance in a new TV talent show.

Soon after, **Nathaniel** was informed that he was successful and he would participate in the **first heat** of the talent contest.

Nathaniel flew out to Melbourne's **Channel 7** studios on **20th December** to film a promotional advertisement for the show which goes to air on **Channel 7** in **February**.

The show is called '**Australia's Got Talent**' and will include various acts (dancers, acrobats etc). The performers are from **all States** and the show goes out nationally. **Grant Denyer** and **Dannii Minogue** are the presenters of the show which includes a '**phone in voting number**'.

**C'mon folks....Vote for Nathaniel....
We all know he's a winner....**

Santa Comes to Town

Adding to the Christmas atmosphere, **Gawler Country Music Club** was honoured with the presence of another very special visitor.

Santa always attracts attention wherever he goes..... He must be one of the most popular people in the whole wide world... 'Hope to see you again next year Santa...'
