

That Woz the Day That Woz!

'Us Blokes' had dancers, line dancers, and listeners all watching in anticipation to find out what this band would sound like.

'The 'Us Blokes' band was also apprehensive.

Why.....?

Well as most local **Country Music** followers know...**five people** who were on stage are also members of **Gawler Country Music Club**.

As the **Newsletter Editor** is also one of this... '**gang of five**' it may be inappropriate for him to give praise to '**Us Blokes**, however, working with the guys and meeting regularly for band practice has been a pleasure, and to those blokes I sayan emotional thanks for coming into my life and for putting up with my occasional/regular tantrums.

To **Gawler Country Music Club Members**... your support has been tremendous... Thanks for your loyalty and the excellent turn-out and thanks also for your constructive feedback.

To **Guenter ... Mr Tambourine**.....'Us Blokes' thank Guenter you for your participation with the band.

Hopefully... just like **Arnold Schwarzenegger**. we'll be back!

If you want to find out more information on '**Us Blokes**' have a look at their website www.usblokes.com

Ross Baker

Ross and his backing band provide real dinky dye country music.

The good old days were back for sure. The stainless steel washboard was scrubbed with enthusiasm and gusto.

The smell of carbolic soap, however, was not evident on this special occasion.

The music brought back pleasant memories of sitting around camp fires, sipping beer or a hot cuppa while the potatoes were roasting under hot coals.

Thanks **Ross** for those musical memories. And thanks also to the lady who told me about the visits you all make to entertain elderly people in community care centres.

It was pleasure to meet you all.

Please note that due to popular demand the price of washboards is now skyrocketing.

Antique road show..... **Here we come!**
