Defense Attorney:
What happened next?

Little Old Lady:
Well, by then, I was feeling so 'spicy' that I just
laid down and told him
"Take me, young man. Take me now!"

Defense Attorney:
Did he take you?

Little Old Lady:
Hell, no! He just yelled, 'April Fool!' And that's
when I shot him, the little bastard!

'Buddy' with Brendon the Big Bopper

It's a small world when it comes to Country Music.

Our very own adopted (Kiwi/SA) **Brendon Liley** who has appeared on stage at our club with Dad **Steve Liley** and his band **Kindred Spirit** is about to step on stage as the character we all know as **'The Big Bopper'**.

He may not wear his cowboy hat and he'll have to put on a few kilos around his waistline to portray the character, but as you will already be aware, **'Hello Baby'** will almost certainly be included in his script along with **Brendon's** fascination for **'Chantilly Lace!'**

Marie Clark Musical Theatre is excited to present the **Adelaide Amateur Theatre** premiere of **'Buddy' - "The Buddy Holly Story"**.

This is the first non-professional production of this musical in **Adelaide**. With it's fantastic cast, crew and production team, it's set to be a sell-out and a show not to be missed!

Did you know: Big Bopper J.P. Richardson wrote **George Jones' "White Lightning"** which became **Jones' first #1 country hit** in 1959? He also wrote **"Running Bear"** for **Johnny Preston**, his friend from Port Arthur, Texas.

Plot Summary:

Buddy joins **'The Winter Dance Party'** of 1959, a bus tour through the Midwest quenching the teenage thirst for the **'new music called Rock 'n' Roll'**. The tour is hard work, the weather conditions appalling and the performers are alternating between sleeping in the luggage racks and dropping into hospital to be treated for frostbite.

Our story ends on **February 3rd, 1959**, after a rocking concert with the **'Big Bopper' J.P. Richardson** and **Ritchie Valens** at the Surf Ballroom in Iowa. **Buddy** makes the fateful decision to break his promise to his pregnant wife not to fly, as he and the other two head-liners board a small plane and take off into the night destined for their next show. During a snow storm, in the dead of night, the plane crashes and spares no survivors.

The tragedy shocks the world, snatching the lives of three of the world's most dynamic musical talents - **Buddy Holly, Ritchie Valens and the Big Bopper**. **Buddy's** brief life is immortalised in this dynamic and heart-rending stage show. It's a celebration of the man, his music and life that catches that unique mixture of innocence, determination, humor and charm that was **Buddy Holly**...and the rest will just be Rock 'n' Roll.
