Dot's Spot!

One Lucky Fellow

I've sure gotten old!

I've had two bypass surgeries, a hip replacement, and new knees. Fought prostate cancer and diabetes. I'm half blind, can't hear anything quieter than a jet engine, take 40 different medications that make me dizzy, winded, and subject to blackouts. Have bouts with dementia. Have poor circulation; hardly feel my hands and feet anymore. Can't remember if I'm 85 or 92. Have lost all my friends. But, thank God, I still have my driver's license and I'm still a member of **Gawler Country Music Club!**

Free Treatment

A Craigmores woman went to the local medical centre where she was seen by a young new doctor.

After about 3 minutes in the examination room, the doctor told her she was pregnant.

She burst out of the room into the reception area screaming.

An older doctor stopped her and asked what the problem was.

After listening to her story, he calmed her down and sat her in another room.

Then, the doctor marched across to the first doctor's room.

"What the heck's wrong with you?" he demanded. "This woman is 68 years old,

She has two grown children and several grandchildren, and you told her she was pregnant????!!!"

The new medical centre doctor continued to write on his clipboard and without looking up said:

"Does she still have the hiccups?"

Johno Hands over the Reigns

After 17 years as the voice of **ABC Radio's Saturday Night Country**, one of Australia's most enduring supporters of **country music** is hanging up his microphone.

Over almost two decades **John Nutting** turned a new program aimed at increasing the knowledge and depth of **Australian Country music** into **Australia's** premier music program.

"John has helped bring **country music** closer to the mainstream and brought countless new talented musicians into the homes of **country music** lovers around **Australia.**" Kate Dundas, Director ABC Radio.

On **Saturday 27 February John Nutting** stepped behind the microphone for the last time and present a special edition of **Saturday Night Country** with new host **Felicity Urquhart**. They looked back at program highlights since 1993 and played tributes from the characters and guests who had contributed to the show.

Johno said...

"It's been an amazing ride and I've loved every minute of my time at the ABC, but it's simply time to move on, fuel up the motor home and hit the road to see more of this great land of ours."

Saturday Night Country will continue... hosted by Golden Guitar winner **Felicity Urquhart**.

However, **Scott Lamond** keeps things moving while **Felicity** is touring Europe. (See Page 5)...The program can be heard from 10pm Saturday to 2am Sunday AEST on ABC Radio and on ABC Country through Digital Radio.

We wish you all the best Johno!

Just a Thought From Bill Northcott!

A mother mouse and her three children crept out of their hole into the kitchen and began feasting on some delicious bits of food.

Suddenly, out of the corner of her eye, Mother Mouse saw a cat slinking toward them. The cat was between the mice and their hole. The mother mouse puffed up her lungs and went, "Woof! Woof!" The cat turned tail and ran. With that, the mother quickly led her children back to safety in their hole. When they were settle and breathing normally, Mother Mouse said to her children. "Now, what's the lesson from that experience?" "We don't know," the baby mice squeaked. "It is this," said Mother Mouse. "It's always good to know a second language.".... Adios Amigos!
