It's well worth the trip!

Danny's Update

Just got back from performing at the Camel Cup in Marree SA.

What a buzz that was. Those guys up there

certainly love their music, very receptive and very generous with CD sales. In fact I completely sold out. Good compliment!

I recently did some songwriting with **Merelyn and David** of "Carter & Carter" and two of the songs have been recorded on their latest album. Looking forward to hearing that.

Obviously I've entered my song 'Dreamland' in the **Coopers Country Song Competition** and am scouting for votes to try and win \$5000. People can go online to vote for their fellow **South Aussie, er... me** at: www.cooperscountry.com.au

I'm hoping **Coopers** might also choose my song for their new advert as well.

I'll be performing at the **Semaphore Music Festival** this year for the first time. I'm doing one show only with **Melody Feder** at the **Semaphore RSL** on **Friday Sept 30th**. I'm really looking

forward to that one. **Melody's** a great talent and I know we'll have a lot of fun.

Dot's Spot

Teacher: Danny, what is the chemical formula for water?

Danny: H.J.K.L.M.N.O.

Teacher: What are you talking about?

Danny: Yesterday you said it was H to O.

Just a Thought From Bill Northcott!

Weather Joke 1

Why did your sister cut a hole in her new umbrella? Because she wanted to be able to tell when it stopped raining.

Weather Joke 2

You never get anything right, complained the teacher. What kind of job do you think you'll get when you leave school?

Well, I want to be the weather girl on TV.

Weather Joke 3

What did Santa Claus's wife say during a thunderstorm? Come and look at the rain, dear.
