Just a Thought From Bill Northcott!

Rodney Noll called in to see Bill with his new CD "This Timeless Land". Bill says it's excellent and recommends it to everyone who appreciates good Country Music.

It Sure is Cool in Gawler

Bill purchased an old home in Gawler from two elderly sisters. A cold winter was fast approaching and he was concerned about the house's lack of heat insulation.

"If they could live here all those years, so can I!" Bill thought.

One July night the temperature plunged to below zero, and he woke up to find the interior walls covered with frost.

He called the sisters now living in Northern Territory to ask how they had kept the house warm during winter.

After a rather brief conversation, he hung up...

"For the past 30 years..." he muttered to himself, "we've gone to Darwin."

See Bills Penny Rockets article on page 3.
Latest News: Saturday, 21 July 2012
Bill is now in the Lyell McEwin Hospital.

I'll Be Back!

Australia's king of country Keith Urban says **The Voice** has been a vehicle for new fans to discover his music.

The singer's popularity has surged since he starred as a coach on the Nine Network's **The Voice**, which has opened up a whole new audience in Australia.

Urban achieved a first number one with the album **The Story So Far** and has announced an arena tour in January with tickets expected to sell quickly.

"I'm just like any other artist, I'm just trying to get my music heard and not judged beforehand."

Urban returned to his home in Nashville with wife Nicole Kidman and their two daughters hopeful of signing on for a second series of **The Voice**.
