Fred Hams Honoured

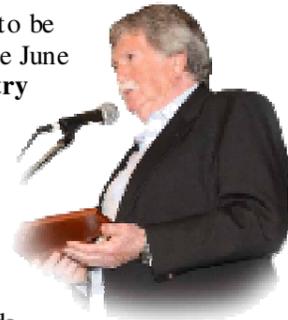

Local man **Fred Hams** was honoured to be on the receiving end of an award on the June long weekend at the **Riverland Country Music Festival**.

Mr Hams has been an adjudicator at the **South Australian Country Music Awards** at the festival each June for many years now, and was surprised and thrilled to be acknowledged at this year's gala awards night.

Mr Hams was recognised with an industry award for his tireless efforts not only at the festival each year but for his services to the **Country Music** industry in general for the past 20 years.

Mr Hams' first journey to the South Australian Country Music Awards was as road crew for **Brian Letton's** touring show back in 1992, and since then returned in his capacity as band manager, sound engineer and lighting.

The SA Tremolos

Anthony Stewart and his band put on a great R&R show last Saturday night with Craig Giles. The enthusiastic crowd, not discouraged by the cold wet weather, danced the night away enjoying the lively performance provided by a group of excellent local musicians. Thanks to **Anthony Stewart and his Tremolos**.

Bernie and Craig

Our Sunday show was huge with hardly enough room on the dance floor for everyone. Country Music fans arrived in their droves to enjoy another great Sunday afternoon.

The **Bandits** began with new additions to their repertoire. What made it special was the use of their vocal harmonies.

Bernie and drummer **Bobby** swapped places and hey! Bobby can sing and play guitar too!

Craig Giles had everyone listening and watching. He sure can move...and he's no spring chicken.

A truly wonderful musical weekend guys. Thanks to each and every one of you.

In a World of Her Own

Club Secretary Helen was enjoying the music so much; she couldn't resist hoppin' and a boppin' to the music all alone.

Good one Helen!

Gotya!

Keeping Up With Technology

This one is especially for Dot!

Three women, two younger, and one senior citizen, were sitting naked in a sauna.

Suddenly there was a beeping sound. the young woman pressed her forearm and the beep stopped.

The others looked at her questioningly. "That was my pager," she said. "I have a microchip under the skin of my arm."

A few minutes later, a phone rang. The second young woman lifted her palm to her ear.

When she finished, she explained, "That was my mobile phone. I have a microchip in my hand."

The older woman felt very low-tech. not to be out done, she decided she had to do something just as impressive. She stepped out of the sauna and went to the bathroom.

She returned with a piece of toilet paper hanging from her rear end.

The others raised their eyebrows and stared at her.

The older woman finally said..... "Well, will you look at that..... I'm getting a fax!!"

Swinger Troy! Thanks to Emma Cillekens

Does he or doesn't he?

That's the question I had to ask when I heard that **Australian country music singer Troy Cassar-Daley** "likes to swing".

It was the Queensland Music Festival Artistic Director and internationally renowned trumpeter **James Morrison** who clued me in on the secret a little while back.

I had Troy on air and finally got the chance to ask.

The verdict - he does swing, but probably not in the way you're thinking (get your mind out of the gutter).

He likes to perform swing music.

He arrived in Mount Isa to perform at the **Queensland Music Festival Swinging Utes** event. It's a celebration of the city's 90th anniversary.

Troy says he can't wait to be back in Mount Isa. "I still yearn to get to the bush," he said.
