

## Latest Release

John Williamson's latest album titled "Hillbilly Road" released August 18th 2008 is John's first all original album in three years.

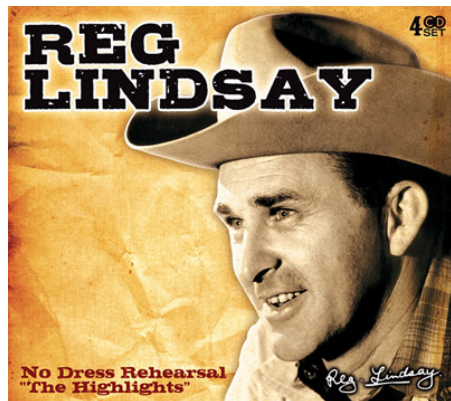

For some time he's been telling us about his hideaway in Springbrook and he's spending more time there now. It is this lifestyle that has inspired Hillbilly Road.

What's also typical of John Williamson is that the album is an entertainment package, not just a sample of his songs.

He doesn't like to be pigeon-holed in one style, even though you'd be hard pressed to call Hillbilly Road anything but Country.

## Return of Brooks & Dunn

America's Brooks & Dunn recently announced a return visit to Australia following their successful inaugural tour here early this year.

Described as "the biggest recording duo in the world", Brooks & Dunn had never toured Australia before and played to sold-out houses across Australia.

The partnership of Kix Brooks and Ronnie Dunn is considered Nashville's most successful "marriage" since Johnny Cash and June Carter.

Brooks & Dunn released their debut album, Brand New Man, in 1991, as an "out-of-the-box smash" with its first four singles going straight to number one. Their current CD, Cowboy Town, released here earlier this year, is the duo's 13th album.

"Australia was one of the most fun times we've had playing music!" said Kix Brooks.

The tour will kick off in Perth on May 1, followed by shows in Melbourne on May 4, Sydney on May 6 and Brisbane on May 9.

Tickets went on sale November 17.
