

Young Aussies Get Up and Go!

Country Music Is for Everyone

Thanks to all **Country Music Artists** for providing words of encouragement to our young'uns.

It's an absolute pleasure to see artists who are genuinely supportive.

"Always ready to lend a hand" ... is a feature of **Country Music** that is possibly not so common in other genres of music. Having said that... maybe one shouldn't generalise.

Here's hoping that **Gawler Country Music Club's Newsletters** readers are becoming more aware of the artists who are willing to 'Give and Receive' as pointed out by **Felicity Urquhart** in last month's **GCMC** newsletter. Well said **Felicity!** Here are more words of inspiration! **Please give your support these artists!**

"Hi there!

Australian Country Music is moving forward. Come and check out the New Country. With thanks to Keith Urban, Taylor Swift, Talia Wittmann, Catherine Britt *and* so many more!

If you have a passion for music and entertaining come and join us! "

Kristal Collins www.kristalcollins.com/

"Hi guys,

I started singing and performing country music when i was 11 years old. Over the last 13 years i have met some of my best friends, some of my idols and some of the most talented musicians the world has to offer.

Country music has taken me all over the country and i was even lucky enough to perform in the Country Music capital Nashville TN.

I recommend that everyone of all ages take the time to visit your local club and festival, you might end up like me having more fun and memories than one could ask for; and an extended family that reaches all over the country. "

Kind regards

Kristy Cox www.kristycox.com/

Get-up-and-Go! Established artist wishing to provide words of encouragement to young people please email your quote to the Editor. More next month...

"Country music has been a wonderful opportunity for me to build my skills and confidence. Much of what I have learned on stage I have also been able to apply in the work environment and everyday life. I have met many great people from all walks of life and many have become life- long friends. Travelling to festivals has also been a great way to see Australia and I do not believe I would have had the same chance to travel so much and to so many interesting places if I had not been in this industry.

I believe the Country Music industry is a great pathway for young performers to build their skills, confidence and networks.

Give it your best shot – you never know how far you will go.

Go for it!"

Jeanette Wormald www.jeanettewormald.com

"Country Music is great music! It has something to offer all age groups. It gave me the confidence to mix with people when I was young and on my way through, it gave a lot of people so much joy! Learning to sing and play can be your passport to the world... to see many amazing things. So come out to our shows, support local Country Music clubs and Music festivals and have a great time with us!! Big love to all!!"

Troy Cassar-Daley www.troycassardaley.com.au/news/

"Hello South Australia!

My name is Taylor and I am 9 years old. I love to sing, play banjo and drums. I like to listen to country music & Abba. My Pa got me into country music as he always plays it. He is a big fan of Tex Morton & Shirley Thoms. He would like me to yodel one day!

Country music is great for young people like me as country artists are always helpful and very friendly. I have learnt so much being a member of country music.

Country music is great fun for all ages. Come and join the fun like me and make lots of new friends! Check it out - You'll have a lot of fun."
