President's Report

June 2011

G'Day Members and Friends,

If there ever was a perfect weekend, well I think we just had as close as you will ever get.

Our entertainment started off with the **Cruisers** on Saturday night. What a great Rock "N" Roll show we had. With a great crowd ready to party; and boy didn't they party well?

Then we were back again early Sunday morning with **Wild Card** and **Graeme Hugo** joined by **Kimberly Rogers & Deano Ettridge**. We had a fantastic day. Thanks Guys you are all legends.

Unfortunately we had to put the full house sign out... which we don't like to do... We do apologize to anyone who couldn't get in.

We have some great shows lined up for the rest of the year.

Our next great show is with **Amber Joy Poulton & Sandra Humphries**, tickets for this show are selling well, so to avoid disappointment, do try to purchase your tickets early.

We now have the **Slim Dusty Tribute Show** ticket available. This show always sell's out quickly. First in best seated.

Well onto our July show. This will be another great day with **Bill Bedford & Country Round** Up...until then.

Keep it country

Good judgment comes from experience and a lot of that comes from bad judgment.

The Gympie Times *Lee Gailer*

Music institute a world-beater

COUNTRY music legend Graeme Connors summed it up when he said the **Australian Institute of Country Music** was "a first for the world" at its recent official opening.

"And Gympie has done it," he told a packed house in The Apex Auditorium of the beautifully renovated landmark building on Channon St, now home to this unique institute for music excellence.

The institute specialises in offering official **qualifications in country music** while covering all aspects of music performance and production.

Graeme headlined a superb line-up of performances from **AICM students** and artists signed to the **new AICM record label**.

He said if the Institute had been established when he started out in the country music industry; he would have signed a record deal to do all his recording here in Gympie instead of Sydney.

Editors Note: At last Country Music is being recognised for its educational value and its benefits to the community. Wake Up South Australia's Educational Authorities!
