Dear Mr. Parris,
I am writing to thank you very much for your very prompt attention to our order for badges.
We are all delighted to have them and think they look great! We would be pleased to recommend your service to others, if you wish. Future small orders will probably arise as our club membership continues to grow.
Yours sincerely, Gail Bowden

Discovering the Banjo Girl

Country Music and the arts world have discovered the talents of South Australia's Taylor Pfeiffer.

The Clare 12-year-old has become the youngest recipient of a Carclew Youth Arts grant to attend the Australian Banjo Conference in Queensland. It follows her concert appearance in Tanunda with famous country music father and daughter Bill and Kasey Chambers.

"Kasey emailed me and asked me to join them," Taylor said. "I couldn't believe it... I played and sang in two songs."

Taylor now dubbed "The Banjo Girl" has been playing five-string banjo for more than five years. She loves singing and yodelling, and playing Australian Country and Bluegrass music.

Leoni B's 65th

Our Leoni began her celebrations with a "High Tea" on Saturday with her friend Tina, ahead of coming to our "Cruisers" show on Sat night. Leoni showed she still had some wiggle in her on the dance floor! Sunday June 17th was her actual birthday and she had her family and closest friends at our "Wildcard", Graeme Hugo and Deano show. Completing her special day she whispered, "I have a dinner date with a Cutie!"
(Extra information...Leoni now has a new 3 piece suite...Sorry ... 3 piece suit.)

Dot's Spot!

A Williston man was in a pub in Gawler and a regular customer suggested to him:

"I'll give you \$200, if you let me smash ten beer bottles on your head."

The Williston thought for a while and finally agreed, partly because of the peer pressure.

The Gawler man smashed the first bottle on the Williston man's head, then the second and so on, but he stopped after smashing nine bottles.

"So, when are you going to smash the tenth bottle?" asked the Williston man.

"I am not a total idiot," the Gawler man replied, "then I would have to give you the \$200."

Based on an Irish Joke... and approved by Dot!

'Where some Listeners are Lost, New ones will be Found!'

Adelaide's Coast FM recently retired Gospel & Country and Pyjama Country radio programs.

These two long term programs were dearly loved by listeners and gave them a lot of enjoyment. They were both unique programs that filled in a void in radio broadcasts which is what community radio is all about. A nurse from an aged nursing home was deeply saddened because the aged residence enjoyed both programs. They used to set their alarms to get up at 3AM in the morning to hear Frank Roberts present Pyjama Country. A blind resident who had not spoken to anyone for a month started to clap and sing along during Gospel & Country presented by Maurie Huxley. However Coast FM's management have decided to retire both programs because they say these programs have come to the end of their useful life!

Both are programs relevant to our community but the management does not seem to care and have said

"Where some listeners are lost new ones will be found, that's the nature of radio!"
