Hi Folks

SLIM DUSTY CENTRE UPDATE

Construction of the **Slim Dusty Centre** in Kempsey NSW is well and truly underway. The site clearing and levelling has been completed, piers and footings have been set on the site and construction of the slab and walls are underway. Completion of the construction phase is expected by the end of 2010.

A feature of the Centre's design is the 'Truckies Tribute to Slim' to illustrate and commemorate his links with truckies and the transport industry. For a tax deductible donation of \$50, all truckies can have their name and the name of their rig engraved into a paver which may be laid within the Centre.

As completion of the Centre is nearing, donations of Truckies Tribute pavers must close on 1 July 2010 to enable them to be manufactured, inscribed and laid at the Centre for opening day.

CEO of the **Slim Dusty Foundation** Ms Kathryn Yarnold said "Slim held the Trucking Industry in high regard and so many of his fans were truckies, playing his albums as they traversed the country."

"It is fantastic to see the progress of the construction of the Centre. Slim's dream is coming to fruition and we want to ensure that all Truckies don't miss the opportunity to donate their paver before the closing date of 1 July this year."

"Other areas of the Centre will feature similar inscribed pavers giving fans the opportunity to have their name, message or personal salute to Slim engraved. **Think how exciting it will be for you, or in years to come, your children and grand children to visit the Slim Dusty Centre and be able to walk through the courtyard and find your name or message as part of history.**"

To donate your paver or Truckies Tribute paver call 1800 18 SLIM (1800 18 7546) or visit the web site www.slimdustycentre.com.au and remember 1 July 2010 is your final chance.

President's Report

May 2010

G'Day Members & Friends

What a great day we had with the **City Cowboys**. I had never heard them before and what a surprise! They were brilliant!

They had a great mix of music, which kept the dance floor full all day. Great work guys.

Joining them on stage was **Amber Joy Poulton** whom I have seen before. She certainly pleased the crowd with forty minute of great entertainment.

I do need to apologise to the **City Cowboys** because I thought **Amber** was playing by herself, but a quick ten minutes with her had the band ready to go. Sorry guys but you did well.

Our **June** club show will be a **huge show** with **Wild Card** as the band, topped up with **Graeme Hugo & Big Deano Etrich**.

This show begins at **11 o'clock** and finishing at four PM. We will have the doors open by no later than ten but could be earlier. So don't miss this one **BE EARLY**.

Also next month we will have the **Slim Dusty Tribute Show Tickets** available.

They will be \$15 this year. Unfortunately we have had to increase the price because costs have risen. So until our June show.

Keep It Country

Globetrotter Old Man Emu & Tommy

Aussie Guitarist **Tommy Emmanuel** and **Joe Robinson** have been named as leading guitarists by readers of the American "Guitar Player" magazine.

Tommy was named **Best Acoustic Guitarist** for the second year in succession while **Joe Robinson** won this year's **Best New Talent** category.

Brad Paisley was named as **Best Country Guitarist**.

The awards are testament to the players' strong talents.

Tommy's popularity is increasing around the world. Although he lives in Nashville, he spends most of the year on the road, playing to packed houses in all corners of the globe, communicating his music through what he calls the "universal language" of the guitar.

This year sees **Tommy** perform in Italy, Canada, America, Sweden, Finland, Germany, Russia, Poland and the UK, before coming home to Australia in December for a special 50th Anniversary reunion tour with his brother and fellow-guitarist, **Phil**.

The tour will also feature Tommy's hand-picked All-Star band and will be the first time the **Emmanuel Brothers** have toured together since 2004.

Tommy recently recorded an "electrifying take" on **John Williamson's** classic **Old Man Emu** for John's new tribute album **40 Years True Blue** which also features contributions from **Kasey Chambers, The Waifs** and **James Reyne**.
