

That Woz the Day That Woz!

19th April 2009

Bernie and the Bandits kick started the April show with an old favourite "On The Road Again".

The **Bandits** are normally good, but on this occasion they were very good. The dance floor was almost full before the music had started...OK. I'm exaggerating. The **Line Dancers** were having a hay day.

Well done to **Patsy and the Guys**. Excellent musicians, great harmonies, and a tremendous choice of songs.

If you've ever experienced a thunderstorm or an earthquake you will already have had some preparation for the energy of performer **Patrick McMahon**.

He certainly blew away the cobwebs. His performance was ...Electric! Probably around **10,000 volts!**

Patrick and Kristal Collins behind the scenes.

Wayne Nuko
It was a Beautiful Day for **Wayne's Unchained Melody**.

Thanks for a
Very Good show folks!

Speechless!

Leoni Bonayton is an enthusiastic **Country Music** fan who was for some considerable time, involved with the Kilburn RSL, where she assisted in coordinating several **Country Music** events.

Leoni travels widely visiting **Country Music** events both near and far recording her experiences each month in **SACCM's Country Music** publication **The Prelude**.

Leoni has a long history of committee involvement, beginning at the young age of 15 years.

(That's what we need now in **South Australia!**... The involvement of **young people in Country Music**.)

Once you've met **Leoni** you will never forget her.

A bundle of energetic fun wrapped up in a smile and a cowboy hat.

She has the effect of a hurricane and may leave you stuck for words and speechless.

But that's only one person's opinion.

If she comes your way, say **Hi Leoni!**...and you'll get the idea.

American Indian in Gawler

A **Gawler** man recently asked a visiting American Indian what was his wife's name.

He replied,
"She called **Four Horse**".

The **Gawler** man said,
"That's an unusual name for your wife.

What does it mean?"

The Old Indian answered, "It old Indian Name. It mean...

NAG, NAG, NAG, NAG!"

(Oh Oh! ... I hear sound of distant drums!)
