Hi Folks

After 5 years holding the reigns as **Gawler Country Music Club Newsletter Editor and Website Editor** I'm beginning to develop saddle sores.

If anyone out there is interested in taking over the reigns, please contact **Club President Keith** on 8255 8920

There sure have been several errors in our newsletters, of which I have been made very aware, and all I can say is that I have done my best to provide a good service to the **Country Music** community.

Many of you know why I don't get around as much as I would like to, and when it comes to sourcing **News** and **what's happening** at other events etc... I am at a disadvantage...

More support and assistance from Club Members and Committee would have been appreciated...

However, from what I am led to believe, that's the nature of being a **Newsletter Editor**...

It's been a privilege.

In the words of **Pancho** and the **Cisco Kid**... 'Adios Amigos'.

President's Report

October 2010

G'Day Members and Friends,

Well here we are a couple of months away from Christmas, doesn't time fly.

Firstly I would like to thank everyone for their patience in expecting the problems we had with the renovation's.

It was beyond our's and the bowling club control. Thank you for being patient.

Secondly we must congratulate our cater's and their staff in the way they provided us with a delicious meal. Thanks Graeme & Nicola we do appreciate what you did for us.

Well onto our show. Although our numbers were down a bit we still had a great crowd. **Tumbleing Dice** were great playing a lot of dance music. Well done guys.

Well onto our Novembers show we have **Heartland** with **Peter Tomlinson** our special guest. This is a show not to be missed. **Heartland** always draws a big crowd so I would advise you to be early because this could be a full house. So until then. Keep it country

New Album from the Howies

The **Howie Bros** have released a **new album** – their 40th – titled '**Heartbeat**'.

Twins **John** and **Graeme Howie** have always been attracted to lyrical ballads and in particular songs about love and human interaction.

"We first heard *If I Had My Life To Live Over* on the *One Day At A Time* LP by The Hawking Bros," Graeme said, "and every time we heard their version, thought "We must record a **Howie Bros** version of that one day. Well that day arrived!"
