Hi Folks

Hopefully warmer weather is on its way. It's great to have a ray of sunshine appearing at our **Gawler Country Music Club** shows.

We sure have had some excellent entertainment this year.

Our Committee is kept busy, and next year propose to introduce some interesting new initiatives. Watch this space!

Over the 7 years as Newsletter Editor, I've kept all previous newsletters, photographs etc on an external hard drive linked to my computer.

Oh no! The unthinkable has happened. The hard drive has 'crashed' and 7 years of information has been lost. Gone forever.

However, one must keep smiling ☺.

When You're Smiling, when You're Smiling...

Forcing yourself to smile can boost your mood: Psychologists have found that even if you're in bad mood, you can instantly lift your spirits by forcing yourself to smile.
It boosts your immune system: Smiling really can improve your physical health, too. Your body is more relaxed when you smile, which contributes to good health and a stronger immune system.

Smiles are contagious: It's not just a saying: smiling really is contagious, scientists say. In a study conducted in Sweden, people had difficulty frowning when they looked at other subjects who were smiling, and their muscles twitched into smiles all on their own.

Smiles Relieve Stress: Your body immediately releases endorphins when you smile, even when you force it. This sudden change in mood will help you feel better and release stress.

It's easier to smile than to frown: Scientists have discovered that your body has to work harder and use more muscles to frown than it does to smile.

President's Report September 2012

G'Day Members And Friends

Our first Balladeers show has happened. Great performances by all of our artist's. First up on stage was **Ross Baker (Gummy Bill)** always a favourite with his audience. Then came our **Banjo Girl -Taylor Pfeiffer**. This young lady has come a long way in her career. Her many trips to Tamworth and the Junior College for Country Music have certainly worked in her favour. Yodeling seems to be a dying art for country music, but not for Taylor. She does it with what appears to be no effort to her. Certainly a country music star in the making. Keep up the great work Taylor.

Then we had **Kathy & Jimmy Chaplin**. Kathy's has a voice you could listen to all day long.

We had one artist who did not show up on the day so **David Croser** helped fill in.

Jimmy Chaplin finishing off the show with some great songs attracting many dancers to the dance floor for the grand finale.

Well done guys you all did a great job.

I have left the band till last; **Heartland** you are a magic group of muso's! These guys did a great job with our **Talent Quest** and our **Balladeers Show**. Thanks guys You are fantastic.

Well our next show is with **Tracey Raines** and **Claypan** and guest artists **Tanya Cornish** and **Nathaniel O'Brien**. Come along and join us.

Until then. Keep It Country

Ultimately Kym

Kym Wilson and **Anthony Stewart** of South Australia's well-known Country Music Recording Studio, **Red Brick Music**; will be laying down the tracks for Kym's ultimate new recording early next year.

This should be a real sizzler. Watch out for the hot news of Kym's release date.
