

Hawkeye Kevin

Club member **Kevin Keepence** sure does have an eye for a bargain.

While browsing around a local Second Hand shop **Kevin** spotted a piece of **Country Music History**.

A number of original **Gawler Country Music Festival S.A. hat badges** were for sale.

In mint condition in the original packaging, **Kevin** couldn't resist temptation.

It is pure coincidence that while **Hawkeye Kevin** had his eyes on this amazing find, our enthusiastic hardworking **Gawler CMC Newsletter/Web Editor** was writing a chronological account on the **History of Gawler Country Music Club**.

Put two and two together and we get 5.

Yes **Kevin** purchased five badges and has donated them to **Gawler Country Music Club**.

Thanks Kevin for securing a piece of our History.

Fred's In the Dog House

It was a late phone call on Sunday afternoon from **Brian Moore** asking if I fancied going to **One Tree Hill** to listen to the duo **Acoustic Highway**.

After pleading with my wife **Helen** for a leave pass I was allowed to go, but for only one hour.

We arrived there at **One Tree Hill** at 3.50pm and were treated to some of the best acoustic guitar playing I have ever heard. **David** and **Lee** play with no backing tracks, each complementing the other.

Their vocals are very good and we stayed way over my allotted time allowance.

I was in the dog house when I got home.

Their style of music is varied and not all is traditional **Country Music**. If you are interested in guitar playing you should go and see **Acoustic Highway** just to hear what can be done with acoustic guitars, banjo, mandolin and electric bass.

Slim Dusty Tribute

Club Member **Bill Northcott** was given a pleasant surprise by **Toots Early** at the **Slim Dusty Tribute Show**.

Toots had created a **Slim Dusty** plaque with an antique finish especially for **Bills** Country collection.

In the centre of the plaque is an original 78RPM gramophone record of one of **Slims** early songs.

Surrounding the record are the lyrics to the song.

I nice touch **Toots**.....**Bill** was speechless.....

Just a Thought For Bill Northcott!

Bill has been having a rest at a local rest home where the nurses are taking good care of him. A cracked rib is no fun when you have difficulty breathing, but it's on the mend. How's this one Bill?

Patient: "Nurse, I just swallowed my pillow!"

Nurse: "How do you feel?"

Patient: "A little down in the mouth"

Our Presidential Joke

Sitting In The Back Seat

The **Bushie** travelling in an **Adelaide** taxi wanted to speak to the driver, and tapped him on the shoulder.

The taxi driver screamed and lost control, smashing the taxi into a shop window.

After rescue the passenger said, "I didn't mean to scare you, I only wanted to ask you something".

The taxi driver said, "It's not your fault, it's my first day as a taxi driver,

I've been driving a hearse for the past 25years.
