

# That Woz the Day That Woz!

15<sup>th</sup> August 2010

## Danny Hooper & Top Dead Centre

### I hope you can hear this!

It has to be said....  
PLEASE BE QUIET!

Some of our regulars seem to be unaware that when an artist is on stage performing solo... The artist requires **quietness**.....

If our club members find that **constant talking** is interfering with the show, please do ask for quietness. Bring it to the attention of our committee!

The band **Top Dead Centre** and **Danny Hooper** provided a good day's entertainment, the band beginning with the ever popular **Eagles** song **Take it Easy**. The harmonies within the band are impressive.

When **Danny Hooper** appeared the teamwork between band and **Danny** was excellent. I've always thought of **Danny Hooper** as a very good artist. On this day he proved that he is worthy of being labeled with the best in Australia. Voice, lyrics, dynamic stage performance, rapport with the audience... All first class. **A Top Performance!**

**Marissa Badrice** was walk-up artist on the day!  
A great day was had by all! Well done!

### It's an Aussie Sony Day

**Sony Music Australia** is expanding its **country music** activities through an alliance with **Core Music**, the new label owned by producer **Rod McCormack**. McCormack's production credits include albums with the likes of ARIA winners **Troy Cassar-Daley** and veteran singer songwriter **Paul Kelly**, and accomplished country artist **Adam Harvey**.

**Core** is purposely set up with four main objectives, "We want to nurture new and up-and-coming Australian talent."

**Sony Music's** distribution channel will handle **Core's** slate of releases, the first of which will be **Beccy Cole's** new album "**Preloved**" due on Sept. 3, followed by **Gina Jeffreys' "Old Paint"** on Sept. 17.

Another project in the works will feature the emerging new talent **Georgia White**.

A musician, songwriter and co-owner of the "**Music Cellar**" recording studio in New South Wales, **McCormack** has a trophy cabinet bulging with industry honors.

His production of **Harvey's "Workin' Overtime"** won the **Golden Guitar** award in 2002 for **Album of the Year**, and last year his work on **Troy Cassar-Daley's "I Love This Place"** (**Liberation Music**) took out the **2009 ARIA Award for Country Album**.
