

Judy and Robin at the Slim Dusty Reunion Concert

Club Members Judy and Robin Ellbourn recently took the opportunity to visit the **Slim Dusty Reunion Concert** at Twin Towns on the Gold Coast. **July** explained how she and **Robin** were fortunate enough to have seats just three rows from the front. However, she was shocked when she found she had left her camera in their hotel room... **Oh Fiddlesticks!** But...Aha! Fortunately friendly flasher **Bob McGahan** saved the day by arriving in the nick of time. In the photograph Left to Right are **David Kirkpatrick, Kate (Anne's Daughter) James (Anne's Son), Anne, Judy, Robin, Hannah and Daniel(David's Children)**. Both **Judy and Robin** enjoyed their time with the family of their hero...**Slim Dusty**.

Come along to our Slim Dusty Tribute Show at Gawler Country Music Club on Sunday 21st Sept. Entrance by Ticket Only... No Ticket... No Entry ...Sorry but we expect a Full House.

KIWI MANIA

New Zealand is a long long way across the Tasman Sea, A country of shaky islands, but this is home to me. There's lots of lofty mountains, reaching for the sky. Some of these are real hot, sending smoke and lava high. There are more sheep than people roaming plains and hills, Jet boats playing rivers , fill with scary thrills. Bush walks are a plenty through forests large and green, These are relaxing sites, the best that we have seen. There are lots of lovely beaches with glistening silver sand, Lots of picnic spots that make days out so grand. Our sailors are the greatest, the best the world has known, They've even got much better as this little country's grown. Rugby football is the sport the All Blacks most times win, Except on odd occasions when they let the others in. N.Z.'s isles look small on a global sphere, But you just try walking them with a belly full of beer. The home of Bungy jumping on a stretchy rubber rope, All you need is money, lots of faith and hope. Tourism is big business in the land of the long white cloud, So pack your hat and panties, come and join the crowd. Written by a Kiwi in the land of the Kangaroo, I can't think of more to write. Can you?

Just a Thought From Bill Northcott!

Bill recently returned home from a week in hospital. The following sign at the Entrance to the Maternity Ward caught his attention.

'No Children Allowed'
Hope your feeling better **Bill**.
