

## That Woz the Day That Woz!

17th August 2008

Murray Mac and True Grit began the show by taking us for a **Waltz Across Texas**. That in itself was an enjoyable experience ... but we were also accompanied by **A Good Hearted Woman!**..With **Spanish Eyes!**...**Oh....Pardon Me If I'm Sentimental!**... but what a great opening to our August show. **Murray Mac's** strong voice backed by excellent music provided us with a great show. Their very young apprentice's rendition of **Bah Bah Black Sheep** also gained attention.

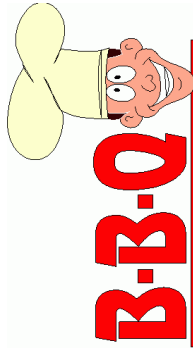

No way was our **Special Guest Slim Connor** a black sheep. His performance was as professional and enjoyable as ever. For some reason everyone in the audience went quiet when **Slim** invited them to join in.

OK.... So three hundred people Yodelling might not have been good.

Walk Up artist **Ian List** provided a selection of Country songs ending with **'We've done Us Proud'**.

**Eliza Parker** sang **Lights on the Hill** and **Things I See Around Me** to attract considerable applause.

Well done everyone. **Thanks for a great show.**
