## November / December President's Report

G'Day members & friends.

Well here we are at the end of 2022. Time has flown by this year. Our November show was a great day with the Juke Box Boys. Good number through the door and good music all day, the dance floor was kept busy. The Juke Box Boys attract a good crowd. Well done guys.

Well our December show with the Sherrah's nearly didn't happen. One of the family came down with Covid-19. I had Workin' Over-time on stand by just in case, however all went well for the Sherrah's and they entertained us with a lot of great music including a good number of Christmas Carols. Tammie & Stewart Ray came along and I asked Stephen Sherrah if they could do a couple of songs. They were great. Thanks guys for a very entertaining afternoon.

Well I hope you had a very Merry Christmas. We are looking forward to 2023. We have a lot of good bands booked for 2023, starting with Cross Town Connection.

So until our January show, keep it country.

Kind Regards,

Keith Warren

President

Happy New Year to all our club members & friends

Thank you once again to Ian Fisk and Robert Chapman for the photos that they take each month for our use. We greatly appreciate it.

Also many thanks to Ian Fisk for the gig guide which makes it easier for all of us to know what's on and where to go.

Also a huge thank you to Kevin , our barman.

**Important Notice**—For the last 2 months we have had patrons testing positive to covid-19 after attending our club show. It is very important for all of us, that **if you are unwell, you do not attend our club show.** We would encourage anyone who would like to decrease their chances of catching, or inadvertently spreading covid, to wear a well fitted mask while they are attending the shows.

I recently wrote to my local member Lee Oldenwalder about my concerns about indoor air quality issues and he forwarded my concerns onto Chris Picton MP, Minister for Health and Wellbeing.

Mr Oldenwalder received a response which he forwarded onto me.

“Thank you for contacting me on behalf of your constituent, Ms Christine Scotland, regarding indoor air quality and COVID-19. I requested information from the COVID Management and Compliance Branch at the Department for Health and Wellbeing and received the following advice:

Although masks are no longer required in public places, they continue to be highly recommended in indoor or crowded public places during times of high COVID-19 case numbers.

Whilst there are no specific requirements for businesses to install air filters or purifiers to reduce the risk of COVID-19, air quality can often be improved through simple measures such as opening windows and doors to increase fresh air.

In addition, there are a range of existing measures which reduce the risk of COVID-19 including getting vaccinated, wearing masks, and staying home when feeling unwell.

For more information on ventilation and other steps businesses can take to reduce the risk from COVID-19 to their staff and customers, Ms Scotland is encouraged to visit the SA Health website.

I would like to thank Ms Scotland for her commitment to being COVID safe. I appreciate the time she has taken to raise these matters and trust the information provided is of assistance.
