Letter to Gawler Country A Note From Raelz J **Music Club**

Dear Keith,

After reading your President's Report in our February newsletter I feel it is way past the time when we should tell You, Helen, Les & all your hard working Committee Members and Helpers how much we appreciate what you

I was present at the annual general meeting which you referred to when it looked like our club would fold if not for the enthusiasm put forward by your family.

We have been members of the Gawler Country Music **Club** since the days when we used to have our meetings at the Gawler South Football Club and are well aware of the hard work put in by the previous committee.

Personally I do not see how it matters if our club is run by a family, we appreciate the time you all put into making our club a successful one. Unfortunately some people who make these comments like to pick fault with the way certain things are done but are unwilling to do them themselves.

I have found from experience that some people find it confusing that the Gawler Country Music Club is held at the Munno Para Bowling Club, but as I explain to them, the previous committee (and some members too) put a lot of time & effort into finding another suitable venue in Gawler after we were unable to use the football club, but were unable to do so.

Thus began our association with the Munno Para Bowling Club, which I believe to be quite successful, and I would like to take this opportunity to thank them for their hospitality.

So please accept our belated thanks

Sincerely

Jeanette & Graeme Mold (Member Numbers 10&11)

On the 18th of January I had the privilege of performing as the Guest Artist at Gawler Country Music Club. The band provided the music but during the course of the afternoon my contribution was two 'spots', in which was a mixture of favourite songs

What a fabulous time I had! To the **Gawler Country Music Club** Committee, firstly, thank you for the invitation to 'strut my stuff'. It was such fun to be part of the day's

entertainment and I appreciate your faith in me.

Then the boys in the band.... what can I say?

Well, unbeknown to the listeners I threw the lead guitarist in the deep end and had him doing more instrumental breaks than he'd expected.

Errol did a great job and judging by the big grin, actually enjoyed it anyway. Brian valiantly provided harmonies and backup vocals without missing a strum on his guitar and brought out the harmonica too! Fred had the rhythm cracking along whilst trying to avoid my gyrations. Believe me it wasn't easy to avoid me in that confined area but I did a few wobbles every so often anyway, just to keep him on his toes. Les was at the opposite end of the stage and perhaps that was a good thing because I was too far away to stir him up. He plays a pretty cool bass though. Last but not least **Lindsay**, the band's illustrious drummer, did a great job interpreting the beat needed for each song.

I would like to take this opportunity to publicly thank each and every band member for their friendship and support.

It was the last time Us Blokes would perform together but they certainly went out with a bang not a whimper!

There is no way I'll ever forget the fantastic crowd. Members and friends showed such support and made the day very special. The dance floor was hopping, people were singing, faces were wreathed in smiles and it seemed everyone had a great time.

It was certainly, for me, a day to remember and I sincerely thank each and everyone for making it so.

Raelz
