G'Day Members and Friends

Well what a year it has been for our club. Great bands and great crowds.

Our December show was no exception, with another large crowd. **Eddie & Friends** did a fantastic job for our Christmas show.

Playing many old style country music songs, everyone enjoyed the day.

Our guest artist **Derani Sanders** was fantastic. What a strong powerful voice she has, and she ended with some great Christmas carols.

We then had our **Irish Dancer's** who also did a great job. Well done to you all, you made our day a wonderful experience.

Congratulation to **Lyn Thompson** who won the **Slim Dusty Red Cedar Chest**.

Onto our January show. **Country Mile** will be our band for the start of **2010** with our guest artist **David Pearce**. We have great bands already booked for 2010. So keep an eye on our calendar it's looking real good.

On behalf of your committee we would like to wish you all a Happy and Safe Festive season, and hope to see you in 2010.

Bye For Now

Don't just stand there – move! Use the stage and take your mike off the stand to make sure you are performing to both sides of the room – of course if you a playing an instrument, this is impossible, so invest in a clip on remote mike (or whatever you call it) and go for it. A few **dance steps** or simply stepping out the length of the stage will make your act more interesting and don't forget to **look at your audience** and **smile** – no 'pan' faces keep your face animated at all times whether it be sad for a sad song or cheeky or outrageous....

Don't forget to **acknowledge your backing band** by names if you can or at least mention their Band name and ask for a hand for the group – don't overlook the **backup vocalists**, sound men, lighting guys, management etc. **Thank the audience** for their part in your performance and for being there, leave them with a well wish of your choice i.e. **safe journey, come back again, say hello to your dog for me (I'm being silly now)** etc.

Whatever you do, **be yourself and create your own type of performance** and not someone else's.

I wish you well and after reading this, take a little of what might suit you or do your own thing – I have made a career of doing just that and have loved every minute of it **so good luck and I'll be watching** out for all you fabulous new artists as I slowly fade into the past. **WHAT A LIFE!**

That's all there is folks! Actually there is more but I don't want to bore you with too much detail☺
